VOC	~ 13 % (SDS)
TRANSPORT	Not regulated for transport (SDS §14)
MDSC SIZES	Default Title (238001US)

OVERVIEW

Premium leather care with a natural semigloss finish. For revitalising and preserving smooth leather, suede and perforated leather materials on vehicle seats, sofas, etc. Leather Star is easy to use and creates a pleasant fragrance, a colour intensifying appearance and a supple and soft feel, without causing undesirable slipperiness. The use of premium active ingredients from cosmetics makes the leather supple and provides prolonged protection against new dirt and becoming brittle. SDS signal word: Warning.

DIRECTIONS

- 1 Clean the dirt first with a suitable cleaner (eg Pol Star), wipe with damp cloth and dry thoroughly.
- 2 Shake Leather Star before use, apply evenly and extensively to the leather surfaces with a sponge or soft microfibre cloth and leave to dry. Remove any excess with a soft cloth.
