GRAPHENE CARBON COAT

ADVANCED GRAPHENE SPRAY COATING

SKU

30-01065

32 OZ

UP TO 9 MO

30-01068

1 GALLON

Easy-to-apply advanced graphene spray coating. Hydrophobic water beading, slickness, and enhanced shine. Shields paint from UV, water, grime, and dust for up to 9 months.

PERFORMANCE

ROLE	Advanced graphene spray coating / sealant
DURABILITY	Up to 9 months (product page · 2024 catalog)
HYDROPHOBIC	Perfect water beading · high water contact angle helps reduce water spotting
SURFACES	Most exterior surfaces including paint, glass, wheels, trim, and more
PROTECTS FROM	Harmful UV rays, water, grime, and dust
CLAIM	Formulated to increase durability and longevity of paint better than a ceramic coating (manufacturer)

APPLICATION

DILUTION	Ready to use — shake well before use
PREP	Clay surface; ensure paint is clean and dry · do not apply to hot surface
APPLY	Spray in small sections; buff with clean, dry microfiber
TO DRY	Keep surface dry minimum 1 hour
FIRST WASH	Do not wash vehicle for 24 hours after application
PH (SDS)	6.0 – 8.0
VOC (SDS)	0.11% (1.1 g/l)

OVERVIEW

Graphene Carbon Coat is an easy-to-apply advanced graphene spray coating formulated to increase the durability and longevity of paint better than a ceramic coating (manufacturer claim). Hydrophobic properties create water beading, slickness, and enhanced shine; high water contact angle helps reduce water spotting. Shields from UV rays, water, grime, and dust for up to 9 months. Safe on most exterior surfaces including paint, glass, wheels, and trim.

DIRECTIONS

- 1 Shake well before use. Do not apply to a hot surface.
- 2 For best results, clay the surface to remove contaminants. Ensure paint is clean and dry before application.
- 3 Spray on the surface in small sections and buff off with a clean, dry microfiber towel.
- 4 For optimal performance, keep the surface dry for a minimum of 1 hour.
- 5 Do not wash the vehicle for 24 hours after application.
