COOL WATER

Super-concentrated oil-based liquid air freshener. One 4 oz bottle makes up to 1 gallon of ready-to-use fragrance. Removes pet, tobacco-smoke, and musty odors from automobile and home.

PERFORMANCE

ROLE	Concentrated oil-based liquid air freshener
USE	Automobile and home — pets, tobacco smoke, or mustiness (product page)
YIELD	One 4 oz bottle makes up to 1 gallon RTU (product page · 2024 catalog)
SCENTS (MDSC)	Pina Colada, Strawberry, Wild Cherry, Fresh Linen, Baby Powder, Leather, Green Apple, Cool Water
CATALOG ALSO LISTS	4 oz New Car PART # 30-01044 (not an MDSC variant on this product)
FORMULA	Oil-based concentrate (product page) · liquid with characteristic odors (SDS)

APPLICATION

DILUTION	Mix with water to make up to 1 gallon RTU from one 4 oz bottle
SIZE	4 oz concentrate (all MDSC scents on this sheet)
APPLY	Step-by-step application method is not published for the concentrate. RTU catalog line: sprayer to fabrics/carpets or carpet extractor — that copy is for the RTU gallon, not this concentrate
PH	6–7 (1% w/w) — SDS
DENSITY	1.01 (SG) — SDS
FLASH	None (C.O.C.) — SDS

OVERVIEW

Sweet Scents are concentrated, oil-based liquid air fresheners. Manufacturer product page: they remove unpleasant odors caused by pets, tobacco smoke, or mustiness from automobile and home; super concentrated and can be mixed with water to make up to 1 gallon of ready-to-use long-lasting fragrance. 2024 catalog: one 4 oz bottle makes one gallon of ready-to-use air freshener. This MDSC product lists eight 4 oz scent SKUs. Catalog also lists a 4 oz New Car (30-01044) that is not a variant on the MDSC product — omitted from pills.

DIRECTIONS

- 1 Super-concentrated oil-based liquid (product page).
- 2 Mix with water: one 4 oz bottle makes up to 1 gallon of ready-to-use fragrance (product page · 2024 catalog).
- 3 Use to remove pet, tobacco-smoke, or musty odors from automobile and home (product page).
- 4 Spray/extractor method is published only for the separate Sweet Scents Ready To Use gallon line — not printed here as concentrate directions.
