5 GALLON

Acid-free, super-concentrated wheel, tire, and whitewall cleaner. Dissolves brake dust and road grime on contact on factory-painted, clear-coated, and chrome rims.

PERFORMANCE

ROLE	Super-concentrated acid-free wheel, tire, and whitewall cleaner
SURFACES	Most wheel types including factory painted, clear coated, and chrome rims
DO NOT USE	Uncoated polished aluminum or anodized wheels · hot wheels
ACTION	Dissolves brake dust and road grime on contact; breaks down heavy contaminants with minimal / no need for scrubbing
FORMULA	Acid-free aqueous alkaline mixture (SDS)

APPLICATION

DILUTION	Product page: mix 6 parts water to 1 part · 2024 catalog: dilute up to 1:6 with water
APPLY	Spray directly on cool rims and tires
DWELL	30–60 seconds, then rinse with clean water
AGITATION	No need for scrubbing (product page)
CAUTION	Do not apply to hot wheels. Do not allow to dry on surface. Always test a small area.
VOC	6.44% (64.4 g/l; 0.537 lb/gal) — SDS
PH	13–14 — SDS

OVERVIEW

Chocolate Thunder Plus is an acid-free, super-concentrated wheel, tire, and whitewall cleaner designed to dissolve brake dust and road grime on contact. Manufacturer: safe and easy to use on most wheel types including factory-painted, clear-coated, and chrome rims; quickly breaks down heavy contaminants with no / minimal need for scrubbing. Dilute 6 parts water to 1 part (product page) / up to 1:6 (2024 catalog), spray on cool rims and tires, dwell 30–60 seconds, rinse. Do not apply to hot wheels, uncoated polished aluminum, or anodized wheels. Do not allow to dry on the surface.

DIRECTIONS

- 1 Mix 6 parts water to 1 part Chocolate Thunder Plus (product page). Catalog: dilute up to 1:6 with water.
- 2 Spray directly on cool rims and tires.
- 3 Allow to dwell 30–60 seconds, then rinse with clean water. No need for scrubbing (product page).
- 4 Do not apply to hot wheels. Do not spray on uncoated polished aluminum or anodized wheels.
- 5 Do not allow product to dry on the surface. Always test in a small area before use.
