OVERVIEW

Lake Country double-sided wool pads put two working faces on one balanced rotary pad. Twisted wool offers many abrasive contact points for fast cutting; synthetic blends trend toward polishing with less friction heat.

DIRECTIONS

1. Mount the pad on a compatible rotary or DA backing plate (or 5/8"-11 spindle for double-sided styles) centered and secure.
2. Apply compound to the pad or panel; start at a controlled speed and keep the pad moving — do not dwell in one spot.
3. For twisted/knitted wool, use a pad spur between passes to break up dried residue as recommended by Lake Country.
4. Clean per Lake Country pad-care instructions (System 4000® / Snappy Clean Boost™ or gentle wash); air dry — hot water can shrink loop/wool.

SAFETY SNAPSHOT

ROTARY WOOL — EYE/HEARING PROTECTION; SECURE 5/8"-11 MOUNT

Non-chemical article. Follow rotary polisher manual.
