OVERVIEW

3D Express Wax (MDSC SKU 401oz16 / 401g01) remains in the Marine Detail Supply catalog. Original-manufacturer TDS/SDS and product page are not published on 3dproducts.com as of this revision. Per MDSC manufacturer-first rules, pH, VOC, dilution, durability, and directions are left blank rather than filled from reseller copy.

DIRECTIONS

- 1 No current manufacturer directions are published for 401 Express Wax.
- 2 Do not substitute MDSC or other reseller copy for missing 3D process steps.
- 3 If 3D republishes a product page or SDS, this sheet should be revised from those documents.
- 4 Until then, treat this as a catalog identity sheet only (name, SKU, image, pack size).
