MAGIC WHEEL CLEANER

ACID-FREE RIM CLEANER

SKU

425500US

500ML

Magic Wheel Cleaner is our powerful, viscous, acid-free rim cleaner that provides innovative performance to mildly and thoroughly clean rims and rim wells. Its reactive component dissolves iron particles with characteristic red discolouration.

PERFORMANCE

ROLE	Vehicle cleansing
SURFACES / AREAS	Painted alloy wheels, high-quality chromed wheels, steel rims
PH	5.5 (PI)
APPEARANCE	Colourless, Red · Characteristic (SDS)
DENSITY	1.12 g/ml (SDS)

APPLICATION & PHYSICAL

METHOD	Do not use on hot paints or surfaces or in direct sunlight. Check for suitability and compatibility prior to use.
VOC	1,225 % (SDS)
TRANSPORT	Not regulated for transport (SDS §14)
WARNINGS (PI)	Before using, check suitability and compatibility
MDSC SIZES	500ml (425500US)

OVERVIEW

Magic Wheel Cleaner is our powerful, viscous, acid-free rim cleaner that provides innovative performance to mildly and thoroughly clean rims and rim wells. Its reactive component dissolves iron particles with characteristic red discolouration. Special dispersing agents gently remove stubborn dirt from surfaces. The viscous setting ensures that the sprayed-on Magic Wheel Cleaner adheres excellently to the surface. Dirt remains bound and the cleaner does not dry up, even after an extended application time. SDS signal word: Danger.

DIRECTIONS

- Do not use on hot paints or surfaces or in direct sunlight. Check for suitability and compatibility prior to use.
- Shake Magic Wheel Cleaner briefly prior to use and spray the rim surface and rim well thoroughly.
- Depending on the amount of dirt, allow 2 - 5 minutes for Magic Wheel Cleaner to take effect on the rim and then rinse thoroughly using a high- pressure spray.
- PI warnings: Before using, check suitability and compatibility

SAFETY SNAPSHOT

DANGER

Acute Tox. 4 · Eye Dam. 1 · Skin Sens. 1 · Aquatic Chronic 3 · H302-Harmful if swallowed. H318-Causes serious eye damage. H317-May cause an allergic s...
