OVERVIEW

Abranet® Ace is Mirka's ceramic net abrasive for dust-free sanding on hardwoods, primers, and coatings. Net construction channels dust through the disc to the extractor.

DIRECTIONS

- 1 Fit to a Mirka grip pad; pair with dust extraction for best results.
- 2 Sand with light-to-moderate pressure — let the ceramic grain cut.
- 3 Progress grits as needed for the substrate.
- 4 Discard when net tears or grit is spent.

APPLICATION & PHYSICAL
