BF-VC

Long-lasting, discreet under-seat air freshener bars for finishing scent after cleaning or odor treatment — fragrance product, not ClO₂ odor elimination (biobombs.com Air Freshener Bars product page).

PERFORMANCE

ROLE	Finishing scent / air freshener — not odor removal (mfr product page)
PLACEMENT (MFR)	Under front passenger seat, near floor vent area (mfr product page)
DURATION (MFR)	Each section about 30–60 days depending on vehicle size, heat, airflow, scent, preference (mfr product page)
SCENT OPTIONS (CATALOG)	Dope Soap, Fresh AF, Iced Out, New Car Nectar, Poppin' Cherry, Vanilla C.R.E.A.M, Vitamin C, Le mint, Squash LLC. (MDSC catalog)
SURFACE CAUTION (MFR)	Keep off leather, vinyl, plastic, painted, or finished surfaces — fragrance oils can stain (mfr product page)

APPLICATION & PHYSICAL

METHOD	Open package; use full bar or break into sections; place under seat (mfr product page)
STORAGE (MFR)	Save foil pouch to store remaining application (mfr product page)
REPLACE	Replace when the scent fades (mfr product page)
PACK (CATALOG)	Single bar per scent SKU (MDSC catalog)

OVERVIEW

Long-lasting, discreet under-seat air freshener bars for finishing scent after cleaning or odor treatment — fragrance product, not ClO₂ odor elimination (biobombs.com Air Freshener Bars product page).

DIRECTIONS

- 1 Open the package (mfr product page).
- 2 Use the full bar for stronger scent, or break into sections for lighter scent and multiple applications; save foil pouch to store remaining application (mfr product page).
- 3 Place the bar under the front passenger seat, ideally above or next to the floor vent area (mfr product page).
- 4 Keep the bar off leather, vinyl, plastic, painted, or finished surfaces (mfr product page).
- 5 Replace when the scent fades (mfr product page).
- 6 If vehicle still has smoke/mildew/pet/food funk, treat odor with VDK/Minis first — bars are finishing scent only (mfr product page).

SAFETY SNAPSHOT
