OVERVIEW

Coloring Compounds: Metal Polishing Compound for Buffing Wheels Renegade Products is the premier manufacturer of polishing compounds that are robust in quality due to our use of premium raw materials. We do not use cheap fillers in our polishing compounds like other manufacturers that prioritize profit over bar quality.

DIRECTIONS

- 1 Mount a clean airway or buffing wheel on a compatible polisher at safe RPM.
- 2 Charge the spinning wheel lightly with the G-16 green rouge bar.
- 3 Polish metal with controlled pressure; keep the bar and wheel moving.
- 4 Clean residual compound from the workpiece; rake/clean the wheel as it loads up.
