OVERVIEW

DiTEC Wipeout is a concentrated, bleach-free solvent cleaner for demanding degreasing and whitening jobs without bleach odor. Cut sheet REV 09/25: spray, wipe or brush, optional 1–5 minute dwell. SDS lists water plus 2-butoxyethanol 5–10% and isopropyl alcohol 1–5%. Product-page “no glycol ether” is not used here because the SDS lists 2-butoxyethanol.

DIRECTIONS

- 1 Use full strength for aggressive soil, or dilute down to 50% for lighter cleaning.
- 2 Spray directly onto the surface.
- 3 Agitate with a soft cloth, sponge, or deck brush.
- 4 Rinse with water if necessary.
- 5 If oil, grease, or soot remains, dwell 1–5 minutes, then wipe clean or rinse again. Repeat if needed.
