# FOAM CANNON FOR PRESSURE WASHER

FOAM CANNON · PRESSURE WASHER · BRASS · HDPE BOTTLE

SKU

**FCPW1-BRASS**

Pressure-washer foam cannon with adjustable foam richness and spray pattern (mfr).

## PERFORMANCE

|              |                                                  |
|--------------|--------------------------------------------------|
| TYPE         | Pressure-washer foam cannon (mfr)                |
| CONSTRUCTION | Brass core; chemical-resistant HDPE bottle (mfr) |
| SPRAY        | Wide ~90° fan to 0° jet (mfr)                    |
| CONTROL      | Twist knob — richer foam vs rinse (mfr)          |
| BOTTLE       | Wide-mouth for easy fill (mfr)                   |

## APPLICATION & PHYSICAL

|          |                                                   |
|----------|---------------------------------------------------|
| MDSC SKU | FCPW1-BRASS                                       |
| USE      | Cars, motorcycles, boats, exteriors (mfr)         |
| CONNECT  | Compatible pressure-washer quick connect (system) |

## OVERVIEW

Autofiber pressure-washer foam cannon delivers adjustable sticky foam from wide fan to jet, with brass internals and a wide-mouth HDPE bottle (mfr).

## DIRECTIONS

- 1 Fill bottle; attach to PW lance/quick connect.
- 2 Set foam knob and spray pattern; foam then rinse.
- 3 Flush with clean water after chemical use.

## SAFETY SNAPSHOT

**USE ONLY WITH COMPATIBLE WASH CHEMICALS; EYE/SKIN PPE PER SOAP SDS; PRESSURE HAZARDS ON PW MODELS**

Equipment article. Pressure-washer hazards — eye/skin PPE; follow soap SDS.

**SUPPLY** Pressure washer  
**BOTTLE** HDPE wide-mouth

Manufacturer SDS not retrieved for this article (towels/tools are articles — SDS often N/A) or see Autofiber downloads / local archive.
