STARKE HYDRATE RTU

WATERLESS WASH · READY TO USE

SKU

HYDRTU16

16 OZ

READY TO USE

HYDRTU128

128 OZ

Ready-to-use waterless wash for gel coat, paint, metal, and plastic. Encapsulates dirt and leaves a soft polymer for slickness and gloss — a soap-wash substitute.

PERFORMANCE

ROLE	Waterless wash / soap-wash substitute
SURFACES	Gel coat, paint, metal, plastic
FINISH	Soft polymer protection, slickness, depth of gloss
FORM	Ready-to-use (not the concentrate)
PH	6–7.5 (SDS SYS-008, shared Hydrate chemistry)

APPLICATION

DILUTION	None — RTU. Concentrate (HYDC) is a separate SKU
METHOD	Spray and wipe; encapsulate dirt in the towel
USE WHEN	Limited water, dock touch-ups, between soap washes
MAINTAIN	Also used after Revolution / coatings as a drying aid
SIZES	16 oz · 128 oz

OVERVIEW

Hydrate Waterless Wash RTU is the ready-to-use version of Starke's waterless cleaner. The formula encapsulates dirt and grime while leaving a soft polymer that adds protection, extreme slickness, and improved depth of gloss on gel coat, paint, metal, and plastic — a substitute when a full soap wash is not practical. Do not confuse with Hydrate Concentrate (HYDC16 / HYDC128), which mixes at ¾ oz per 16 oz RTU. SDS SYS-008 covers this Hydrate chemistry.

DIRECTIONS

- 1 Use as bottled — do not dilute. (Concentrate mixing applies only to HYDC SKUs.)
- 2 Spray onto a cool surface. Work a small section with a clean microfiber so dirt is encapsulated in the towel, not dragged.
- 3 Flip or replace towels as they load. Buff dry with a clean microfiber for slickness and gloss.
- 4 Safe on gel coat, paint, metal, and plastic. Not a substitute for correcting oxidized gel coat.
- 5 Also useful as a drying aid / between-wash maintenance on Revolution and ceramic systems.

SAFETY SNAPSHOT

WARNING

HMS

Skin Irrit. 2 · Eye Irrit. 2A

APPEARANCE	Opaque white liquid
ODOR	Slight odor
PH	6–7.5
DENSITY	0.865 relative
FLASH POINT	101.67°C / 215°F
VISCOSITY	145 mm²/s
TRANSPORT	Not regulated

SDS SYS-008 rev 1.0 → 3/3/2021
