OVERVIEW

Renegade Pro Red Metal Polish was developed with the input of polishing professionals looking for a more aggressive cut than Renegade Red Liquid Metal Polish. Polished metal features tend to take a beating from the elements, road debris, and other outside factors. Without proper care, you can end up with hazy, oxidized metal that may rust or weaken over time. With Renegade Pro Red Metal Polish it's very easy to achi

DIRECTIONS

- 1 Apply a small amount of Pro Red to a clean microfiber round pad or applicator (mfr).
- 2 Work with even pressure until oxidation is reduced and a haze develops.
- 3 Wipe thoroughly; for show finish, follow with Renegade Red Show Shine (mfr system guidance).
- 4 Keep polish dust off wet paint; clean adjacent panels after use.
