OVERVIEW

Gtechniq Marine Fabric Coat is an ultra-durable water- and UV-repellent treatment that bonds to individual fibers. The US product page positions it for weather clothing, sails, awnings, and interior fabrics, with protection against mold, mildew, bacteria, microbes, and everyday stains, without changing feel or breathability. It contains no fluorocarbons. Manufacturer application copy stops at saturate-with-mist; dwell, coverage, and cure are not published.

DIRECTIONS

- 1 If required, clean the fabric with Gtechniq Marine Interior Cleaner and allow it to fully dry.
- 2 Shake the bottle very well before use.
- 3 Using the mist setting on the spray head, saturate the fabric. Avoid over-spraying onto surrounding areas.

APPLICATION

PREP	If needed, clean with Marine Interior Cleaner and allow to fully dry
APPLY	Shake very well. Mist-saturate fabric; avoid overspray on surrounding areas
