## SALTS GONE HOSE END SPRAY BOTTLE

32 OZ HOSE-END SPRAYER PREFILLED WITH CONCENTRATE · AUTO 1:100 PROPORTIONING (MFR PRODUCT PAGE)

SKU

**SG32SPRAYBOTTLE**

Refillable 32 oz garden-hose-end sprayer shipped prefilled with Salts Gone concentrate; blue nozzle proportions a true 1:100 product-to-water ratio without pre-diluting the bottle (mfr hose-end product page + PDS).

### PERFORMANCE

|                            |                                                                                                                                |
|----------------------------|--------------------------------------------------------------------------------------------------------------------------------|
| <b>ROLE</b>                | Hose-end delivery of Salts Gone concentrate for salt rinse-downs (mfr hose-end page)                                           |
| <b>CHEMISTRY</b>           | Same Salts Gone concentrate — chelators, corrosion inhibitors, surfactants (mfr PDS)                                           |
| <b>PROPORTIONING (MFR)</b> | Hose-end nozzle delivers true 1:100 without diluting concentrate in the bottle (mfr hose-end page)                             |
| <b>COVERAGE (MFR)</b>      | One 32 oz hose-end unit yields up to ~25 gallons RTU (mfr hose-end / flush pages)                                              |
| <b>PH (MFR)</b>            | pH-neutral formula; SDS §9 pH 6.8–7.2                                                                                          |
| <b>SURFACES (MFR)</b>      | Safe for gelcoat, fiberglass, paint, metals, electronics screens, trailers, SeaDek, ceramic coatings (mfr boat / marine pages) |
| <b>REFILL</b>              | Refillable from Salts Gone gallon or larger concentrate (mfr hose-end / boat pages)                                            |

### APPLICATION & PHYSICAL

|                                  |                                                                                       |
|----------------------------------|---------------------------------------------------------------------------------------|
| <b>DILUTION</b>                  | Hose-end auto 1:100 — do not pre-dilute concentrate in the bottle (mfr hose-end page) |
| <b>CONNECTION</b>                | Attaches to a standard garden hose (mfr hose-end / boat pages)                        |
| <b>APPEARANCE (SDS §9)</b>       | Clear, water-white liquid concentrate in bottle (Salts Gone SDS)                      |
| <b>PH (SDS §9)</b>               | 6.8–7.2 (Salts Gone SDS)                                                              |
| <b>SPECIFIC GRAVITY (SDS §9)</b> | 1.033 (Salts Gone SDS)                                                                |
| <b>PACK (CATALOG)</b>            | 32 oz hose-end bottle (MDSC SG32SPRAYBOTTLE)                                          |

### OVERVIEW

Refillable 32 oz garden-hose-end sprayer shipped prefilled with Salts Gone concentrate; blue nozzle proportions a true 1:100 product-to-water ratio without pre-diluting the bottle (mfr hose-end product page + PDS).

### DIRECTIONS

- 1 Thread the hose-end sprayer onto a standard garden hose (mfr hose-end / boat pages).
- 2 Use Water Only / Off / On control as equipped — wet the surface, then apply Salts Gone solution while rinsing salt-exposed areas (MDSC catalog use pattern aligned to mfr rinse guidance).
- 3 Allow ~30 seconds dwell on vessel surfaces, then rinse (mfr marine page).
- 4 For engine flush, connect through flush port or earmuffs with the hose-end unit attached (mfr marine / flush pages).
- 5 Do not pre-dilute the concentrate in the bottle — the nozzle proportions 1:100 (mfr hose-end page).
- 6 When empty, refill from Salts Gone gallon or larger concentrate (mfr hose-end / boat pages).
- 7 Store concentrate above 32°F and below 125°F; avoid freezing (SDS §7). See SDS for PPE.

### SAFETY SNAPSHOT

**NON-HAZARDOUS PER OSHA HCS / GHS AS PROVIDED (SALTS GONE SDS §2) — MAY IRRITATE EYES IF SPLASHED; PROLONGED SKIN CONTACT MAY DRY SKIN**

GHS/OSHA: NON-HAZARDOUS. HMIS 0/0/0 PPE A (SDS §16). Not DOT/IMDG regulated (SDS §14).

|                         |                                                              |
|-------------------------|--------------------------------------------------------------|
| <b>APPEARANCE</b>       | Transparent water-white liquid; slight mild odor (SDS §2/§9) |
| <b>PHYSICAL STATE</b>   | Liquid (SDS §9)                                              |
| <b>PH</b>               | 6.8–7.2 (SDS §9)                                             |
| <b>SPECIFIC GRAVITY</b> | 1.033 (SDS §9)                                               |
