STARKE SIMPLE CLEAN

HIGH-ALKALINE MULTI-PURPOSE CLEANER

SKU

SIM16

16 OZ

HIGH ALKALINE

SIM128

128 OZ

Heavy hitter in the Starke Clean System. Cuts black streaks, waterline dirt rings, non-skid soil, dirty vinyl, and bilge grime. Also boosts Pure Clean / Ultra Clean.

PERFORMANCE

ROLE	High-alkaline APC when Pure Clean / Ultra Clean is not enough
TARGETS	Black streaks, waterline dirt rings, non-skid, vinyl, bilge
PH	12.5–13 (SDS) — high alkaline
TWO MODES	Full-strength spot cleaner · wash amplifier
PADS	Full-strength soak on compounding pads caked with polish residue

APPLICATION

SPOT	Full strength on problem areas; 3–5 min dwell; rinse
PADS	Full strength, 5 min soak, rinse
BOOST	Add to Pure Clean or Ultra Clean to raise wash cut
PPE	Gloves, eye protection, good ventilation (product page)
SIZES	16 oz · 128 oz

OVERVIEW

Simple Clean is the high-alkaline multi-purpose cleaner in the Starke Clean System — the product you reach for when a pH-neutral soap will not cut black streaks, waterline rings, dirty non-skid, vinyl, or bilge. Use it full strength with 3–5 minutes of dwell, or dose it into Pure Clean / Ultra Clean to raise wash alkalinity without changing the whole process. It also revives compounding pads: full strength, five-minute soak, rinse. SDS pH is 12.5–13. Respect the hazard profile.

DIRECTIONS

- 1 Wear gloves and eye protection. Work with good ventilation.
- 2 Spot jobs: apply full strength, dwell 3–5 minutes, let the alkaline chemistry work, then rinse.
- 3 Wash boost: add Simple Clean to Pure Clean or Ultra Clean when the weekly wash needs more cut.
- 4 Compounding pads: soak full strength for five minutes, then rinse.
- 5 Rinse thoroughly. Do not leave high-alkaline residue on gel coat, vinyl, or metals.

SAFETY SNAPSHOT

WARNING		HMIS	2 H	0 F	0 P
Acute Tox. 4 (oral, dermal, inhal.) · Eye Irrit. 2A					
APPEARANCE	Yellow liquid				
ODOR	Slight characteristic				
PH	12.5–13				
DENSITY	1.0 relative
