MINI SAVER APPLICATOR — HALF TERRY / HALF SUEDE

SAVER APPLICATOR · MINI · HALF/HALF · ~3.5" × 1.5" × 1.5"

SKU

SSTX001GYB321

Mini dual-face Saver Applicator — terry one side, suede the other (mfr).

PERFORMANCE

TYPE	Mini half-terry / half-suede Saver Applicator (mfr)
SIZE	~3.5" × 1.5" × 1.5" (mfr)
FACES	One side terry, one side suede (mfr)
BARRIER	Hydrophobic barrier (mfr)

OVERVIEW

Autofiber Saver Applicator adds a hydrophobic barrier between microfiber and sponge so low-viscosity coatings waste less product into the foam core (mfr). Mini half/half offers terry and suede faces on one sponge (mfr).

DIRECTIONS

1. Apply coating/sealant sparingly to the microfiber face (barrier limits soak-through).
2. Spread in even overlapping passes; do not flood the sponge core.
3. Replace applicator when face loads or coating begins to tack on the pad.

APPLICATION & PHYSICAL

MDSC SKU	SSTX001GYB321
USE	Coatings — choose face by product feel (mfr)

SAFETY SNAPSHOT

ARTICLE — NOT A CHEMICAL PRODUCT; NO SDS TYPICALLY PUBLISHED

Textile / tool article. Follow Autofiber care guidance; wash microfiber separately without fabric softener.

FACES Terry + Suede
SIZE ~3.5" × 1.5" × 1.5"

Manufacturer SDS not retrieved for this article (towels/tools are articles — SDS often N/A) or see Autofiber downloads / local archive.
