MINI SAVER APPLICATOR — TERRY

SAVER APPLICATOR · MINI · TERRY · PLASTIC BARRIER · 12 PACK

SKU

SX001GYB321-12

Mini terry coating applicator with hydrophobic barrier (mfr).

PERFORMANCE

TYPE	Mini terry Saver Applicator with plastic barrier (mfr)
SIZE CLASS	Mini ~3" x 1.5" x 1.5" (mfr family)
FACE	Terry microfiber (mfr)
BARRIER	Hydrophobic layer between microfiber and sponge (mfr)
PACK	12 pack (mfr)

APPLICATION & PHYSICAL

MDSC SKU	SX001GYB321-12
USE	Coatings / sealants — reduce product soak-through (mfr)

OVERVIEW

Autofiber Saver Applicator adds a hydrophobic barrier between microfiber and sponge so low-viscosity coatings waste less product into the foam core (mfr). Mini terry variant for small panels and precise work (mfr).

DIRECTIONS

- 1 Apply coating/sealant sparingly to the microfiber face (barrier limits soak-through).
- 2 Spread in even overlapping passes; do not flood the sponge core.
- 3 Replace applicator when face loads or coating begins to tack on the pad.

SAFETY SNAPSHOT

ARTICLE — NOT A CHEMICAL PRODUCT; NO SDS TYPICALLY PUBLISHED

Textile / tool article. Follow Autofiber care guidance; wash microfiber separately without fabric softener.

FACE	Terry
BARRIER	Plastic/hydrophobic
PACK	12

Manufacturer SDS not retrieved for this article (towels/tools are articles — SDS often N/A) or see Autofiber downloads / local archive.
