THICK SAVER APPLICATOR — TERRY

SAVER APPLICATOR · THICK · TERRY · ~5" × 3.5" × 1.75" · 12 PACK

SKU

SX201GYB-12

Thick terry coating applicator with hydrophobic barrier (mfr).

PERFORMANCE

TYPE	Thick terry Saver Applicator (mfr)
SIZE	~5" × 3.5" × 1.75" (mfr family)
FACE	Terry (mfr)
BARRIER	Hydrophobic plastic barrier (mfr)
PACK	12 pack (mfr)

APPLICATION & PHYSICAL

MDSC SKU	SX201GYB-12
USE	Coatings / sealants — larger face (mfr)

OVERVIEW

Autofiber Saver Applicator adds a hydrophobic barrier between microfiber and sponge so low-viscosity coatings waste less product into the foam core (mfr). Thick terry size for larger panels (mfr).

DIRECTIONS

- 1 Apply coating/sealant sparingly to the microfiber face (barrier limits soak-through).
- 2 Spread in even overlapping passes; do not flood the sponge core.
- 3 Replace applicator when face loads or coating begins to tack on the pad.

SAFETY SNAPSHOT

**ARTICLE — NOT A CHEMICAL
PRODUCT; NO SDS TYPICALLY
PUBLISHED**

Textile / tool article. Follow Autofiber care guidance; wash microfiber separately without fabric softener.
