TEAK MAGIC

TWO-PART GEL CLEANER & BRIGHTENER

SKU

TC-MGQT-PRT1

PART 1 · 32 OZ

TC-MGGL-PRT1

PART 1 · 1 GAL

TC-MGQT-PRT2

PART 2 · 32 OZ

TC-MGGL-PRT2

PART 2 · 1 GAL

Non-hazardous two-part gel: Part 1 cleaner (baby blue, pH 14) then Part 2 brightener (pink, pH 0). Mix each 1:4. Restores gray teak without sanding. Not for coated/varnished wood.

PERFORMANCE

ROLE	Two-step teak cleaner + brightener (gel)
DILUTION	1 part product : 4 parts fresh water (each part)
COVERAGE	1 qt mixed 1:4 ≈ 200–250 sq ft; light 1:6–1:8 ≈ 300–350 sq ft
SURFACES	Uncoated teak decks and furniture. Sand off polyurethane/factory coatings first.
METALS	Safe on most finished metals / stainless. Rinse immediately off aluminum or brass.
COMPLIANCE	MARPOL Annex III and V · readily biodegradable after 10 days · not a marine pollutant

PHYSICAL (SDS)

PART 1	Baby blue gel · pH neat 14 · odorless · 100% water soluble · BP 234°F / 112°C · flash N/A
PART 2	Pink gel · pH neat 0 · odorless · 100% water soluble · BP 212°F / 100°C · flash N/A
HMIS	Both parts: H 0 · F 0 · P 0 · PPE B (SDS 01.09.23)
GHS	Not classified (CLP). SDS: may cause skin/eye irritation (low industrial hazard).
TRANSPORT	DOT / IMDG / IATA non-regulated (both parts)
SHELF	Recommended use within 1 year

OVERVIEW

One MDSC sheet for the two-part system as sold. Part 1 lifts dirt; Part 2 brightens. Gel stays in place on decks. Manufacturer: non-destructive; will not burn skin or damage clothing; bleach-free; leaves no dirty residue on gelcoat after rinse. Follow with Triton 2.0 when teak is completely dry (cut sheet: protect 3–6 months).

DIRECTIONS

1. Wear nitrile gloves. Mix Part 1 1:4 with fresh water. Apply evenly to a damp surface with foam brush, deck brush, or polypropylene pad.
2. Dwell 3–5 minutes. Scrub with and against the grain (medium polypropylene pad, medium pressure).
3. Rinse thoroughly, including cleats and scuppers. Remove puddles; leave the wood damp.
4. Mix Part 2 1:4. Spread on the damp surface — do not scrub; let it work. Dwell 3–5 minutes.
5. When teak has brightened, rinse completely. Remove excess water and allow to dry. Apply Triton 2.0 when cool and fully dry.

SAFETY SNAPSHOT

WARNING

HMIS

Cut sheet: may cause skin or eye irritation. CLP: not classified. Codes TC-MGGL-PRT1 / TC-MGGL-PRT2.

PART 1	Baby blue · pH 14 · BP 234°F
PART 2	Pink · pH 0 · BP 212°F
FLASH	N/A both parts
TRANSPORT	Non-regulated
