|                    |                                        |
|--------------------|----------------------------------------|
| TYPE               | Ultra plush microfiber detailing towel |
| SIZE (MDSC)        | 16" × 16"                              |
| PRIMARY USE (MDSC) | Ceramic coating removal / leveling     |

## APPLICATION & PHYSICAL

|          |                                                               |
|----------|---------------------------------------------------------------|
| MDSC SKU | UPMF                                                          |
| USE      | Hand-buff ceramic coating residue / high spots; detail sprays |

## OVERVIEW

MDSC Ultra Plush 16×16 microfiber towel positioned for ceramic coating work. Exact Autofiber.com SKU UPMF not found — GSM/blend left blank (manufacturer-first; no guess).

## DIRECTIONS

- 1 Fold towel to a clean face; wipe coating residue with light pressure.
- 2 Flip to a fresh panel before the face loads with product.
- 3 Wash microfiber separately; no fabric softener or bleach (general Autofiber care practice).

## SAFETY SNAPSHOT

**ARTICLE — NOT A CHEMICAL PRODUCT; NO SDS TYPICALLY PUBLISHED**

Textile / tool article. Follow Autofiber care guidance; wash microfiber separately without fabric softener.
