OVERVIEW

Concentrated Instant Salt Remover & Protectant that dissolves embedded salt/residue and leaves a protective barrier. Tough on salt, gentle on surfaces; safe for painted/finished surfaces and ceramic coatings (manufacturer tech sheet / product page).

DIRECTIONS

- 1 Mix with clean water at a 1:60 ratio (2.1 oz per gallon) up to 1:100 (1.28 oz/gallon). Wet surface thoroughly with product and allow to stand at least 2–5 minutes. Rinse with clean water. Wipe or blow dry if desired (manufacturer tech sheet).
- 2 To flush outboard/inboard/outdrive/cooling systems & heat exchangers: mixer required. Attach mixer to garden hose, fill reservoir with cleaner, connect to flushing apparatus, flush motor 2–5 minutes (manufacturer tech sheet).
- 3 To remove salt & protect surfaces: attach mixer to garden hose, fill reservoir, connect spray nozzle, turn on fresh water, spray on any surface (manufacturer tech sheet).
- 4 To soak gear & equipment: mix 1 oz concentrate per 1 gallon water in a pail; soak and scrub if necessary; rinse with fresh water (manufacturer tech sheet).
