OVERVIEW

Non-acid, non-fuming, low-pH acid-replacement cleaner designed to remove scum lines, rust stains, scale, barnacles, zebra mussels, marine growth, and hard water deposits (manufacturer tech sheet / product page).

DIRECTIONS

- 1 Remove boat from water and bring to an approved boat wash area or facility. Allow deposits and stains to dry completely before applying. We recommend spot testing before use.
- 2 Apply using an all-plastic sprayer, non-nylon roller or brush making sure to saturate the area to be cleaned. Allow at least 10 minutes for cleaner to penetrate, then pressure wash or rinse well with clean water.
- 3 Heavy deposits may require more than one application and some light scraping.
- 4 NOTE: DO NOT allow cleaner to dry on the surface.
